Many people will walk in and out of your life, but only true friends leave footprints in your heart.

With friends we can walk along the remember paths of our lives ... and completely share our experiences.

One best book is equal to hundred good friends, but one good friend is equal to a library.

I don’t need my life to be perfect. I just want to be happy, with a few close friends who love me just the way I am.

With friends we can work the soil of forgotten dreams that needed to be tended and nurtured once again. With friends we can plant the seed of our hearts and new dreams.

Friendship. It’s a package of feelings, Nobody can make it, nobody can break it, Nobody can explain it, only we can feel it ...

Hello fellow Gyros, Gyrettes, Ladies and friends of Gyro.

Fall has officially arrived and it sure feels like it in frosty Alberta Canada, after an unusually spectacular hot summer. Your club executives should be ramping up an exciting schedule of this years events for fun and friendship.

As I write this, Mary Ann and I are on our way to District IX annual convention. We are so looking forward to seeing old friends and meeting new ones. 1st VP Matt and Lisa are on their way to District III and then to District VI conventions. 2nd VP Ted and Annwyl will join their fellow Gyros in Thunder Bay for District VII annual convention. And IPIP Dana and Barb will have just returned from District I convention.

The Gyro International Executive wish all of you in the 82 clubs, a fun filled year and remember, this is the **Year of Invitation**. So? **Invite a Friend!**

---

Also please note my recent newsletter for more Gyro news on the following page.
Fellow Gyros, Ladies and Friends of Gyro.

As I write this "News and Views" on behalf of Gyro International I cannot help but think of our Fraternity of brothers and sisters, relatives and friends who have been affected by the hurricanes in Florida, Texas and surrounding states. We all hope and pray that they are safe and the storms have not affected their homes and other property.

As everyone knows, friends are one of the most important assets in our lives and those Gyros who have attended conventions have friendships across many clubs, districts, and countries.

This summer many of us hopefully have enjoyed events with other Gyros, family, and friends, both old and new. Maybe we should invite one or two of these friends to some of our club events to continue the friendship throughout the year. And we as the great Gyros we are, should embrace these new friends our fellow Gyros bring at the events, to give them a 100% support.

Your Gyro International Executive will be busy this month as five of the Districts are having their conventions and installations across North America from District VI in Nova Scotia to District IX in California. With the elimination of the 3rd VP, this has put extra pressure on the remaining three International executives. But as always we will try our best to fulfill our duties.

Our Director of Membership, Larry Duba has been very busy this summer with the Health and Welfare reports of our organization, and fielding many emails from the 82 clubs on how to increase membership. Your communications and support for Larry is greatly appreciated and adding new members benefits your friends you invite, your club, District and Gyro overall.

This fall the two new committees will get started in full swing. The first committee, on communications, consists of Randy Tarrier (District I), Saul Hilchey (District IV), Ed McDonald (District VI), Blanton Bessinger (District VII), and myself (District VIII). We will be using Web Ex software for the next year as a first step to coordinate communications for the betterment of Gyro. We will try to schedule the first conference call in early October.

I encourage all Governors to contact Randy Tarrier (randyt56@yahoo.com) for assistance to set up conference calls for your executive meetings and to keep in touch with your club Presidents for review on progress of District objectives.

The second committee was formed to review the duties and responsibilities of the Secretary/Treasurer, Director of Membership and other positions in Gyro. The committee consists of Ed McDonald (District VI), Al Sinicrope (District X), Peter Evans (District IV), Branton Bessinger (District VII), and myself (District VIII).

Let's make this year the "Year of Invitation". Let's all try either by ourselves or with other Gyros to invite one or more of our friends, acquaintances and new friends we meet, to share our Gyro fellowship and fun to one, two or three of our events throughout the coming year.

If you wish to contact me with positive suggestions related to any of the above comments, committees, or other issues, you may email me at dale.gyro@gmail.com or your District Governor. We would love to hear from you.

Cheers!

Secretary/Treasurer
2017 - 2018
Executive Council

2017 - 2018
PIP Harold Bernard was our 1st VP on July 15, 2010, and one of the rolls of the 1st VP is to be in charge of Internal and External Expansion. Members are the live blood of our Fraternity of Friendship. With his permission, I am providing you with the document he provided at the International Convention held in St. Paul, Minnesota in 2010.

Basic Solutions to Minimize Drop in Membership
By 1st VP Harold Bernard, July 15, 2010

1. Leadership Development Program for Club Officers.
2. Concentration on quality members through proper screening.
3. Impressive and meaningful installation ceremonies.
4. Education or orientation of new members.
5. Involvement of all members (new and old).
6. Family involvement. Spouse should be included in the new member's induction.
7. Sponsors should carry out their responsibilities toward the new members.
8. Members must feel needed and wanted.
9. More emphasis on service and quality fund-raising projects.
10. Meetings should start on time and close on time.
11. Meetings with free, creative spirit, tolerance and flexible moral sense: abundant good will and camaraderie.
12. Improved attendance through good and interesting programs.
13. Better planning and establishment of objectives and goals.
15. Reorientation and motivation of old members.
16. Improvement in communications between officers and members.
17. More teamwork.
18. Cost of meals and social events should be low to keep dues reasonable.
19. Re-locations should be followed up. Keep them in Gyro!
20. Members should be encouraged to attend district and international affairs.
21. Prestige and image of Gyro should be maintained through good public relations.
22. Advice and counsel from the district officers should be sought to solve individual problems as soon as they arise.
23. A year-round membership growth and development program.

Quotes on Membership ...

“This club is for members only. But once you join, membership last for an eternity.”

“Being a member is about knowing that you're not on your own and that you share experiences with other people.”
2017 Vancouver Convention: Although the immediate past convention was a few months ago, it is never too late to view the photos. In this case, thanks to our erstwhile photographer Larry Duba, five pages worth. Looking at them, the viewer can easily see that those who attend the conventions do experience a busy and fun-filled experience. Not only does the attendee have the chance to help guide Gyro’s future by participating in the various business meetings, he can also gain ideas and techniques on improving his own district or club by participation in the various seminars, and not the least, he and his partner have numerous opportunities to socialize with other Gyros from across North America. Remember: every convention welcomes all Gyros, and every Gyro has the same vote. If you want change, participate. If you want to make new friends, participate. If your happy with the status-quo, participate anyway. You’ll do yourself a favor!

Club Reports: Reports submitted by clubs and districts for inclusion in the GyroScope are an important means of communication. Not only do they advise all of Gyro that your district or club is alive and well, they often give other clubs useful ideas for both membership retention and finding new members. Although Gyro does not necessarily support civic activity by its members, it is certainly not discouraged. Often a club’s civic efforts, via name association, is a source of new membership. Case in point - this issue contains two reports from the Nanaimo club. For many years this vibrant club has made serious efforts at accumulating funds for the sole purpose of building community parks - I think now it must be about 16 in number. Not only does the effort build tremendous club fellowship, the pride of accomplishment from by having the Gyro name on so many neighborhood assets certainly is an inducement to join.

Awards: One of the many pleasures I have during conventions is to present many deserving awards. Most are determined by the Executive Council upon recommendation from a district or club. One that I am the sole determiner for is the George France Award (for submission(s) to the GyroScope). At the Vancouver convention, I did present that award to D-IV Governor Peter Evans, and I was also honored to present a very special award - one that is not unheard of - but uniquely special in that it covered a tremendous amount of years of service, and that the recipient was available. The award was a “Certificate of Appreciation” to Bob Keller (Madison) for 65+ years of continuous membership. Bob was present in Vancouver as a substitute for D-II Governor Neil Baker who had a late cancellation. Bob and his wife Cathy received a standing ovation for his accomplishment, following which he offered a few words of wit along with expressions of what Gyro has meant to him, and to Cathy. Wonderful!

What does Gyro offer? Peerless Friends Forever.
The D-VII annual meeting was held September 14-17, 2017, in Thunder Bay, Ont., hosted by the Port Arthur, Nor-West and Ft. William clubs. Eight of the nine D-VII clubs were represented at the meeting. Weather was a bit gloomy, but the Gyro friendship spirit was high. There were tours to the actual Fort William and the Sleeping Giant Brewery. Of course, a few hardy souls played golf, despite the weather.

The Governor’s Ball was the highlight, with great food, music, dancing, and fellowship. MC Glen Hamilton’s stand-up comedy routine got the evening started. Awards given included the Man-Mile to the Oryg Club, Bulletin to the Winnipeg Club, Gyro International for Internal Expansion to the Minneapolis Club. Recognized were the seven PDGs in attendance. Also, seven Gyros were at the ball who represented over 325 years together of membership, with each being over 40 years. PIP Chuck Field was recognized as longest D-VII tenured member in attendance at almost 48 years, edging Bob Bullard by two weeks! And, LG John Barber presented a GI award to Paul Fogh-Dohmsmidt for his role in helping D-IV establish the new Sidney Club on Vancouver Island, BC.

D-VII officer terms are two years. Governor Blanton Bessinger, Lt. Governor John Barber and S/T Bob Bullard will continue their terms until the next meeting, September 13-16, 2018, in St. Paul, MN."
Painesville President Rich Lafelice and Michelle expertly hosted a “picnic” at their exquisite home on Little Mountain on July 21st. Painesville Gyro is well known for creative fun couple’s events at interesting locations from April through December. Summer months are extra special with two events per

The Lafelice party featured a sumptuous catered buffet, lots of entertaining jokes (a Gyro tradition), and a huge “Hello Gyro” cake. It was great fun ... a perfect Gyro event.

Five prospective members and their spouses attended as we demonstrated the very best Painesville has to offer.

- submitted by PDG Tim Wright
One of the main reasons Gyro clubs begin to fail is that many of the members of the club want to enjoy the benefits without volunteering to service as an officer or even on committees. Of course, it is important to add new members each year that are younger than the average age of the club membership.

The new members as well as existing members deserve to have mentors who will help them develop the important skills required for leadership positions. When a new member is installed, it is customary to have the sponsor(s) commit to supporting the member in his attendance and duties that he might be asked to help with. Usually, the duties would involve working on a committee, and later, as one of the club officers. As many have stated before, the work is diminished, if others help with the tasks to be performed. Getting members involved also shows them that their attendance is important to their fellow club members.

In some cases where many travel a lot during the year, having an assistant to the officer or committee chairman will allow the member to serve without worrying about being away for a period of time. This, of course, is one of the reasons for having a Vice President in the club.

The danger of not mentoring members and sharing the officer roles is that a few members are required volunteer repeatedly for the offices to be filled. After serving as the officer for 3 times, for example, the individual says “that is it”. If no-one else volunteers, then a group starts to feel that the club should cease, and that they should turn in their charter. It is hoped that this situation will not be created.

Gyros need to be more proactive in preparing officers well in advance through tools, written materials, and face-to-face contact. Each year there should be learning materials and meetings in each district for club treasurers, secretaries, vice presidents (or next in line), and presidents. Planning meetings should be several months in advance of the new Board taking control. Proper training would make leadership roles more effective, and hopefully encourage participation.

Members are more likely to volunteer, if they know exactly what the officer or committee duties involve. It is also important to have a “Continuity Binder” that includes the club's Constitution and Bylaws, duties of the officers and other information about organizing activities. Each officer should be given instruction as to how to access the Gyro database and how to use the system to communicate with the members efficiently. The instructions should be included in the Continuity Binder for this and other administrative tools. The binder would be passed on to the next person who has volunteered to serve in the officer position.

We want every member to retain their membership, but it is understood that some will decide to leave for health or other reasons. What we all need to keep in mind is that we each have a responsibility to participate in some manner as to help the club grow and to help keep the fun in Gyro. Your Membership Committee is working on administrative tools that will help keep the officer's jobs easy to conduct.

Without club members volunteering to serve as a club officer, it later makes it more difficult to find qualified members to serve as district officers and as international officers.

Some of the benefits of serving as an officer include getting to know each member in the club/district better, and this fosters meaningful friendships. Attending conventions as a member and as an officer provides opportunities to make friendships with those in Canada, the United States and perhaps Tokyo. One of the main reasons a person should decide to volunteer to serve as an officer is so that they can make a positive influence in changes that will make the organization better.

Thanks for considering these issues, and please mentor members and provide assistant to those who have volunteered to serve as officers.
**Dale Woodroffe - President / Calgary, Alberta ~ D-VIII**

Dale joined Gyro in 1985 through the Sherwood Park Club in District VIII. He became President of the club in 2005 and in 2009 became an Associate Member while working in North Africa. Returning to Alberta, Dale joined the Stampede City Club in Calgary where he became President in 2011 and Governor District VIII in 2012.

In 1973 Dale met Mary Ann in East Africa and married the following year in Parsboro, Nova Scotia. Their residence is Canmore, Alberta in the Rocky Mountains about an hour’s drive west of Calgary. They have two sons who are both married. One lives in Edmonton with a son and the other lives in Scottsdale, Arizona.

Dale is an Engineer/Planner/Senior Manager for a large International Consulting/Engineering/Construction company and is presently working out of Vancouver, British Columbia. When not working he and Mary Ann enjoy hiking, skating, yoga/exercise and traveling.

Most of all they enjoy their family, Gyro friendships and meeting new people in different clubs throughout the United States and Canada.

---

**Executive Council 2017-18**

**Matt Johnson - First Vice President / Olympia, WA ~ District IV**

Matthew "Matt" Johnson has been a member of the Olympia Gyro Club since 2001. He has served three terms as Club President and served as District IV Governor in 2011-2012. He is currently also President of the Tacoma Gyro Club.

Matt was born in Fort Dodge, IA and graduated from high school in Puyallup, WA. He returned to the mid-west to attend Lake Forest College, graduating Magna Cum Laude with Honors in Politics in 1988. He graduated from the University of Washington School of Law in 1998, and began his legal career with the Washington State Attorney General’s office. He spent ten years as in house counsel for a major international insurance company and is now the Managing Attorney of a three attorney Plaintiffs Personal Injury/Wrongful Death firm in Olympia, WA. Matt is a trial lawyer, and enjoys every opportunity to present his client’s case to a jury.

He lives in Gig Harbor, WA with his wife Lisa Kay. Together they have four children and one grandchild, age 3. They enjoy traveling, particularly to Mexico and the Caribbean. Matt, a huge sports fan, loves to follow the Seahawks, Mariners and Nascar driver Kasey Kahne. Matt and Lisa are excited to serve on the EC and meet many more Gyros throughout the US and Canada.

**Ted Shewchuk - Second Vice President / Red Lake, ON ~ District VII**

Ted Shewchuk has been a Gyro member of the McKenzie Island Club since 1994. Since his ne in Gyro he has held each executive position within the club and currently holds the position of Director. Ted served as District VII Lieutenant Governor in 2010-2012, Governor in 2012-14, and Past District Governor from 2014-2016. He grew up working alongside his father in the family construction business which he eventually took over and then founded Shewchuk Enterprises Ltd. Over the years Ted has also had ownership in several fishing resorts and has dabbled in real estate.

Ted resides in Red Lake, with his beautiful wife Annywl. He has three wonderful daughters Andrea, Jadyn, and Ashley who are all University graduates. Andrea and Jadyn are living in Red Lake and Ashley is presently in Ottawa. Ted enjoys traveling the world with Annywl, ten meeting Gyro’s in their travels.

In the past Ted thoroughly enjoyed hockey, curling, and the occasional game of golf. Ted and Annywl look forward to seeing old friends and making new ones in the upcoming years as they start on this journey through the EC.
Emil Baijot - Secretary-Treasurer / Bellingham, WA ~ District IV

After living in a remote Alaskan village where he was CEO of a native corporation for several years, he and Joan relocated to Bellingham, WA in 1977. He was soon introduced to Gyro and traveled to various events, joining Chilliwack in 1980. He formed the Bellingham club in 1981, serving in all the offices several times.

He has received many awards including the Merit Award in 1988 and the Honor Key in 1994. He served as Governor in 1988-89 and as International President in1993-94. He has been the International Sec.-Trea. since 1999.

In previous lives he attended Stanford but graduated from the UofWashington as an Industrial Designer; had been an Army 1st Lieutenant during the Korean conflict; manager of a large art group at Boeing; Master of his Lodge & President of the Shrine Club; served nine years on Whatcom County Planning Commission and until retiring, a designer/builder of custom homes for 30 years; and currently, he is a member of the County Appeals Board.

He and Joan were married in 1958 and they have four happy and successful children and seven grandkids and finally (!) a great grandson. Joan keeps active as a partner in a daycare that schools up to 90 children and is a hospice volunteer.

Dana Davidson - IP President / Toronto, Ontario ~ D-III

Dana has been a Gyro since 1985 and was District III Governor in 1992-93. A Gyro Merit Award Recipient in 2006, Dana has been a member and Officer of four Gyro clubs and is currently a member of the Gyro Club of Toronto. He lives with his wife, Barbara Dukic, in Scarborough, Ontario, a suburb in the east end of Toronto. Three children between them from previous marriages, Dawn, Christopher, Michael, and one granddaughter, Finley, make life even more enjoyable. His former father-in-law was PIP Bruce Poll (88-89) (wife Dolores).

Dana is an Account Manager in the Graphics and Printing industry and in his leisure time, enjoys golf, baseball, lawn bowling and watching his favorite hockey team, the Toronto Maple Leafs, lose every year, which proves he can take a beating and still come up with a smile and a handshake.

Dana and Barb look forward to meeting many more new friends during their service to Gyro and the EC.

"Good friends are like stars. You don’t always see them but you know they’re always there!"
Plan ahead now!

2018 Int’l & D-II Convention
Abbey Resort
Lake Geneva, Wisconsin

June 25-29, 2018

Water Sports / Golf / Trails / Boating / Winery / More
Details to Come - Check Website
My father-in-law is Frank J. Chulay. He was a WWII B24 Aft. Comm. in the 528th. Frank had his 95th birthday in September. He is in good health and gets around like he is still in the left seat of a B24. I don’t know how many missions he flew in the PTO, but I believe quite a few. He raised a daughter who is a retired teacher with two masters degrees, and a son who is a doctor and is retired from the army with the rank of Colonel. After the war he worked for one company which he retired from when he was in his 60’s. He was then selected to be the Executive Director of the Greater Chicago Food Depository. After that he was persuaded to run for the Office of Mayor of his suburban community. Needless to say he won. I have been proud to be his son-in-law for 42 years. As a former military pilot myself I try to get him to talk about his WW11 experiences but he really doesn’t say to much about them. I don’t know if he is aware of your organization but if you have some info I will be happy to forward it to him.

Dennis Dolgin

**Alaskan Cruise**

**June 2017**

Following the International Convention in Vancouver, B.C. many Gyros took advantage to also take a planned cruise to SE Alaska.

Please find more photos on page 15.
It was a cool and damp Wednesday as 15 intrepid Gyro’s and Gyrettes made their way to the Toutant estate on the banks of the Red River. All were concerned about the overcast day, however, all fears were allayed as we approached the N-Joy and the clouds parted and the sun came out. Captain Ed started the engines and after releasing the lines we were off heading due south on the mighty Red River.

It didn’t take long for the libations to start flowing and any thoughts of a cancelling the boat ride were soon dismissed. It turned into a lovely evening cruise. There were many discussions aboard this evening concerning all manner of topics including women being allowed at the annual golf tournament. Other brash topics provided good company during the voyage.

We returned to the Toutant dock, after an hours cruise, too see a raging fire underneath a boiling pot of water. Soon the corn was shucked and the bar-b-que filled with tender filet mignon. Our Chef Tom did an excellent job cooking the steaks to everyone’s satisfaction and delight. Along with the potato salad and coleslaw the silence from the group attested to the delicious food. After a thank you and presentation of a gift to the Toutants, Richard, Lucy and Captain Ed, desert and coffee were served.

It was noticed that Tyler and Crystal did climb to the upper deck of the N-Joy and took turns smashing golf balls across the river. Although it was hard to see the flight of the balls as the boat got in the way, it is believed Crystal won the day.

After coffee the corn pot was removed from the fire. The fire was stoked with a few more pieces of wood and a sing-a-long of sorts broke out with Richard leading the chorus. There were a number of old favorites that some were not familiar with and some wouldn’t admit they knew because they were from long, long ago. Although the evening was cool there were no mosquitos and everyone enjoyed conversation around the blazing fire.

As the embers died we adjourned and ventured up the hill to our vehicles for a ride home. We hit the sack with a belly full of good food and a mind filled with excellent memories of the cruise. And it turned out nice again.
Winnipeg Visits Ft. Barry

On August 9th, many members of the club along with some ladies and friends gathered in Fort Garry on a hot summer night for an epic adventure, and an adventure it was!

37 adventurers, more than half of which were guests and perhaps future gyros, boarded a private motor coach with James, the tour guide and Dave, the driver and we set off to the East, so far East that we landed in Ireland!

Our VIP Group status brought us to the front of the VIP line which made us VVIP, as Gyros naturally are, and we were escorted inside the building to a special reserved table offering some of the best views of the stage available. We were able to tour the pavilion, the cultural display, the shops, and of course visit the two bars. We were also treated to an appetizer of soup, iconic Irish soda bread and a tasty twisted ginger (ginger ale and whisky). Soon enough the breathtaking, toe-tapping, amazing show began and it was truly a sight in more ways than one. The show ended with a band and we boarded our private coach and headed North to Serbia.

Here we were greeted by one of the beautiful pavilion ambassadors who led us to the basement of a small church to an even smaller hall. Here we were quickly served a bevy along with dinner which consisted of pork kebabs, drama (cabbage rolls), veggies and more all which hit the spot. During dinner we were entertained by some very cute young dancers as well as youth and adult dancers which told stories of romance, war, and celebration taking us on a tour of old Serbia.

We boarded our coach and trusty Dave and James pointed us South to India. The sweet aromas greeted us at the door where a large indoor market was waiting for bargaining customers (some bargained more than others; ask Cec and Tyler about their purchases). Some of the ladies even took in some of the interactive cultural display by dressing up in traditional Sarees. As the group nibbled on sweet mango sorbet, we were entertained by very vibrant and jovial dance demonstrations from various groups. The catchy beat and uplifting spirit was a great way to cap off the evening.

Special thanks to Brent and Janice for bringing out a full crew of guests. Was great to meet new faces and enjoy new experiences together!

S/T Presenting 65+ Years in Gyro Award to Bob Keller

More Convention Photos Throughout the Issue
Nanaimo Does it Again ...  
Grand Opening of Steve Smith Bike Park

July 9, 2017: The Gyro Club attended the grand opening and served 1500 hamburgers and 500 hot dogs to the people attending. The club would like to thank Jim Thompson for his dedication to the project in which he spent 2 years working on. We would also like to thank Dave Strang who raises funds for the benefit of Gyro by wind surfing across the Straights of Georgia. Some of these funds were used for this project.

The Nanaimo Gyro Club, which provided financial assistance for the building of the park had 24 Gyros our working on setting up the tents as well as cooking and handing out the food, which was donated by Country Grocer. Equipment was also donated by many of the Gyros. The big tent was donated by the Royal Bank for the event.

Josh Minami had a new banner made for the even which announced who we were and attracted a number of questions about our club with positive feeback from many.
Nanaimo Does it Again ... and Again!

Opening of Linley Point Gyro Park

Each year they apply for Gaming money and then donate it to the community via scholarships, bursaries, and park equipment. Nanaimo Gyro has for many years built many parks within their community.
BOB KELLER - 65+ YEARS IN GYRO!
From the header above, this time it’s Trivia of Interest. Of those Gyro’s who followed the Vancouver convention with a cruise to SE Alaska, I have not heard if they were able to experience the remarkable phenomena often referred to as the “Northern Lights.” *(Aurora Borealis).*

The “lights” can often be viewed throughout the north country, and many times as far south as border states within the United States - occasionally as far south as Mexico. They occur at all hours of the day, however they can be only viewed with the naked eye during late evenings or night time. Incidentally, the south pole has similar “lights.”

The origin of the aurora begins on the surface of the sun when solar activity ejects a cloud of gas. When the mass ejection collides with the earth’s magnetic field, it causes complex changes to happen to the magnetic tail region. These changes generate currents of charged particles, which then flow along lines of magnetic force into the Polar Regions. These particles are boosted in energy in earth’s upper atmosphere, and when they collide with oxygen and nitrogen atoms, they produce dazzling auroral light, often with multiple colors.

Since these particular photos are rather stunning, I thought I’d share them via the GyroScope. These photos were taken during the first weekend of September by Juan Pech in the Juneau, Alaska area. You will find additional photos on another page later in this issue. The photos were sent to me by my niece who is a judge in SE Alaska.
